## POLISHING AND DETAILING

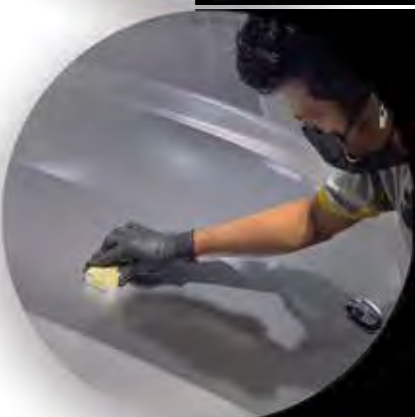

### **FULL BODY POLISHING & WAXING**

Through polishing and waxing, our team diligently gets rid of visible scratches, removes impurities, and smoothens out the exterior surface. With our premium equipment & latest technology service, make your car look as new as the day you bought it.

### **FULL DETAILING ( INTERIORS & EXTERIORS )**

At Wheelers, we believe that every little detail counts! To make sure the aesthetic value of your car is maintained, our team will meticulously inspect each area of your vehicle (Interiors & Exteriors) and treat them accordingly.

### **CERAMIC COATING**

Keep your car's exterior clean and dust-free even in between washes with our expert ceramic coating service. Our dedicated team applies a nano-protective layer on your car, keeping it looking shiny and new for an extended time.

### **WINDOW TINTING**

In the extreme temperatures of Dubai, many car owners opt to have their windows tinted to block harmful UV rays from entering inside. Get your car expertly tinted with 3M FX or CS film by our team for a significantly cooler and enhanced driving experience.

## WHEELS

### **WHEEL REFURBISHMENT**

Alloy Wheels, Painted Wheels, CNC Wheels, Polished Wheels, and more — we offer repair & refurbishment services for all types of wheels. Our team uses high-quality standardized products that are gentle enough to help restore the original shine of your rims.

### **WHEEL COLOR CHANGE**

We offer high -quality wheel color change services. Select from a variety of matte and glossy color options at Wheelers or create a custom color style to suit your car. Our finest workmanship ensures a smooth and even paint all throughout.

### **WHEEL REPAIR**

Bent or cracked wheels can constrain the aesthetic look of your car and the safety of the passengers. Our team utilizes high-end tools to remove scratches, scrapes, or other imperfections that hinder the overall look of your car.

### **BRAKE CALIPER PAINTING**

Freshen up those dull and faded brake calipers with our high-quality custom color options. With a fresh coat of paint that compliments the style of your car, you are sure to make a striking statement on the road.

# BODYWORKS

## PAINTLESS DENT REMOVAL

Dents can be very unsightly by affecting the appearance of your car and reducing its resale value. Select our paintless dent removal service where our team treats those imperfections and restores your vehicle's original shape.

## SMART PAINT

We remove those pesky imperfections, scratches, scuffs, and creases to make the overall aesthetic of your car's exterior-uniform and eye-pleasing, just as brand-new. Our team is well-experienced in professionally dealing with small cosmetic damages.

## PANEL REPAIR & PAINTING

Bumpers are the first part of your car that absorb contact if you happen to jolt into something, especially in enclosed spaces. We restore your front/ back panel back to its pristine original state & get rid of scratches, paintchips, dents, & more.

## FULL BODY PAINTING

A new coat of paint is a surefire way to refresh the overall look of your car. Through color-matching technology, we can repaint with your existing car color or you can choose a new shade from our selection of glossy and matte paint options.
